Forecast for Tuesday 30 Jul 2024

Weather: Any shallow mist and fog in the valleys soon clearing, then a dry and mostly sunny day. Bands of medium and high cloud will turn it cloudier at times but periods of strong sunshine are still likely. Feeling hot with light winds.

Chance of cloud-free hill tops above 600m: Near 100%.

Low cloud and visibility: Visibility mostly very good, although distant hills and landmarks may appear rather hazy especially during the afternoon. In any early morning fog, visibility could locally be very poor for a few hours. Any cloud is expected to remain above the hills.
